He comes from nowhere  
He can burn like the sun  
He's in your dreams and in the souls of everyone  
He'll walk the water  
And come down from the sky  
I think we're doomed, he's coming for you and I  
I sense the anger  
I feel his heart poundin'  
Here he comes look-out  
Just raise your fists and shout

I'm living Evil - I'm living Evil  
I'm living Evil - I'm living Evil

I feel the power, I feel it in my head  
Last night I dreamed of it, I'm dreaming of the dead  
He sends his prophets to make us do his wrong  
I hear the voices cry now I'm feeling strong  
I sense the anger  
I feel his heart poundin'  
Here he comes look-out  
Just raise your fists and shout

I'm living Evil - I'm living Evil

I'm living Evil - I'm living Evil

It's time to rise up, it's time to make a stand  
He is the fool, don't obey the black command  
I am the ruler, the one that no one tries  
But I see the evil underneath its dark disguise  
I sense the anger  
I feel his heart poundin'  
Here he comes look-out  
Just raise your fists and shout

I'm living Evil - I'm living Evil  
I'm living Evil - I'm living Evil  
I'm living Evil - Evil - Yeah  
I'm living Evil - Evil - Yeah...
