Invincible warriors -lead teh nation
Striking with vengeance - the glory and pride
Battle hymns are chanted - a thousand voices strong
Divided by armour and weapons of steel
FORBIDDEN - Sacred War
FORBIDDEN - Sacred War
Sacred... War
FORBIDDEN - Sacred War
FORBIDDEN - Sacred War
Sacred... War... War

Watch the enemy, they'll stab you in the back
No laws, no accusations - froces shout in vain
Defying the rest now, the real war commences
A time of misery - that shall not be

FORBIDDEN - Sacred War
FORBIDDEN - Sacred War
Sacred... War
FORBIDDEN - Sacred War
FORBIDDEN - Sacred War
Sacred... War... War

(SOLO)

The death dealer's shout - commits his war crimes
Remembering the lives - that fought without shields
A mass bloodied murder - the fate of humanity
Sabotaged prisoners vanish without a trace

FORBIDDEN - Sacred War
FORBIDDEN - Sacred War
Sacred... War
FORBIDDEN - Sacred War
FORBIDDEN - Sacred War
Sacred... War... War... War...
Sacred WAR - Sacred WAR
