"Skull Breaker"

Skull breaker is down
Retreat surrender to his crypt
Nail to the head but runs to his pit
Impaler of hate is on a deadly wrath

Skull breaker impale you alive
Skull breaker a ripper's disguise

Sword and dagger will spill your blood
The mob of creatures will trample you dead
Condemn the slayer when dark turns to light
Mad and twisted announce the torture's command

Skull breaker impale you alive
Skull breaker a ripper's disguise

Headless bodies are violated by snakes
Reckless and ruthless the dominators rape
Spirits and souls remain in Satan's vault
Dead man is the message from the cult

Skull breaker impale you alive
Skull breaker a ripper's disguise

Skull breaker
