(music: Exciter, lyrics: Dan Beehler)

Battles of death are upon us  
Burning at a constant pace  
Destruction of time is awaited  
The end of a civilized place  
Can mankind afford this?  
The heat and the suffering minds  
Equipped for Sudden Impact  
But never for one of this kind  
Heat burns to kill  
The Night is black and still  
Look to the sky  
Don't ask why  
Nations must wait in fear  
The ending of time is so near  
Your future and your destination  
Is shot, the battles are here  
Can the masters rebuild it?  
The blackened waste left behind  
Equipped for Sudden Impact  
But never for one of this kind  
Heat burns to kill  
The Night is black and still

Look to the sky  
Don't ask why  
(SOLO)

Can mankind afford this?  
The heat and the suffering minds  
Equipped for Sudden Impact  
But never for one of this kind  
Crushing of earth, Satan's rebirth  
Burning us all to the ground  
As I climb from the depths of my shelter  
I look with a feeling of hate  
This world has turned to a wasteland  
Nothing left to replace  
Man has made and destroyed it  
The ending of life and time  
Crushed by Sudden Impact

The omen, the final sign  
Heat burns to kill  
The Night is black and still  
Look to the sky  
Don't ask why  
SUDDEN IMPACT  
SUDDEN IMPACT  
SUDDEN IMPACT  
Sudden Impact
