Tie you up don't give a shit  
lick my asshole suck my dick  
hold you at gun point  
bend you over anal lust  
can't survive this torture fuck  
there's fire in my eyes i laugh at your cries

lust  
anal lust  
up the butt  
lousy slut  
virginites lost  
up the butt  
lousy slut  
down on your knees bitch  
anal lust...HUH!

Shove my fist inside your cunt  
shove my dick right up your butt  
screams of pain fulfil my lust  
beat your face in get my kicks  
fuck your brains out  
squeeze your tits  
blood on your thighs  
virginity dies

[chorus]

blood on your face  
assume the position i love  
anal assault  
anxiously wait for the cum  
screaming in torment  
the welps on her back are turning redder  
she died from the pain  
it made her feel ten times better!
