When the sun was setting down  
To touch the ground  
Shadows took their way to eternity  
Their eyes stared the emptiness  
Following invisible steps.  
Hawling behind the malicious desertion  
And the acceptance of death  
Searching for a sign to admit the ending  
Of their conflict.  
When the moon appeared on the cloudy sky  
In between dreams and reality  
A world was born from their tears  
Where the dark seemed so sad.  
When they altered their cries  
To an unchecked falling rain  
As the fear petrified their hearts  
Forever they knew they were doomed  
By their own weakness  
At the gates of the morning sun  
That starts to shine  
Shadows were passing through  
At the seas of eternal silence  
The sense of devastation  
Deep in their uncanny corridors  
They 're waiting for the dream
