Pulverization- bones snap, break, and rend  
Trituration- truncheon falls again and again  
Castigation- dumbstruck, dazed and contused  
Excruciation- blackened, bludgeoned, blinded, and  
bruised  
As hammer to anvil  
As hammer...  
As hammer to anvil  
To anvil...  
Agonized- pummeled, crushed, pounded, and beat  
Tenderized- cringing, battered human meat  
Traumatized- painful, unbearable, ceaseless throbbing  
Brutalized- thrashed and subjected to quite a drubbing  
As hammer to anvil  
As hammer...  
As hammer to anvil  
To anvil...  
Forging death, upon this human anvil  
Prepared to smite as I raise the handle  
Writhe in pain, at the hammer's blow  
Hammer fells, like tolling bells  
Ring out their dull and pounding knells  
The final sounds, you'll ever know

[Lead - Wes]

I smash your brittle bones to powder  
Screams crescendo ever louder

[Lead - Matt]

Your shattered torso now gone to bits  
A puzzle of pieces that no longer fit  
As hammer to anvil  
As hammer...  
As hammer to anvil  
To anvil...
