[musick - Mike Beams, Lyrixxx - Matt Harvey]

Pernicious - A ghastly Gordian quandary to elucidate
Pestiferous - A nebulous necrotic novelty to navigate
Labyrinthine - A contumely carnal conundrum to
cogitate
Serpentine - An exulcerated entanglement to
execrate...

Hands stained and filthy from digging deep for the
answer
That lies at the heart of the matter of splatter...

Eschatological - The grave matters with which we
struggle
Pathological - The perverse perpetuation of this
purulent puzzle
Repugnant - The wretched riddle unravels in a reeking
revelation
Repulsive - The final fetid farce yields such a rancid
realization

Now your morbid curiosity may finally be answered
Deep in the heart of the matter of splatter...

A morbid matter on which to meditate or mutilate
A deathly detail to deliberate and desiccate
A sombre study in which sagacity is tantamount to
insanity
An insalubrious interest in the inhumed and the
unsanitary...

An unhealthy pursuit of the purulent and parturient
A feculent fixation upon the fetid filth and excrement
An exhaustive examination of the excreted and the
exhumed
A tireless appetite to hill the silt atop the tomb...

[Lead - Mike]

Nebulous - The sanguineous solution is seldom seen

before the last
Amorphous - Seemingly always six deep feet beyond
your grasp
Funereal - Carnal cartography to chart the course of
life's denouement
Corporeal - The wretched revelation that you sought
proves harder to swallow
Than you'd thought...

That anatomy is destiny is the unforgiving answer
Culled from the heart of the matter of splatter...
