[musick - Matt Harvey; lyrixxx - Ross Sewage, Matt Harvey, 1995]

Brutally raped and hacked, Vagina torn ripped in half ,
Slash and rend,
Mutilate, Garrote the bitch, decapitate, Face ripped off,
disfigurement,
Bodily dismemberment, Guts are spilled, violent death,
Mangled cunt to
Molest... Left embracing the carcass I discover my
fomentment, As I
Unconsciously rub up against her gory habiliment, The
muliebral texture of
The soused and silken garment, The one and only way
to find sexual
Contentment... Suffering from mammary and vaginal
envy, I fasten around my
Chest the brassiere of the deceased, Excising the
breasts with painstaking
Precision, I pad my bra with a pair of decomposing
falsies... Hastily undress
The corpse, Peel off clothing, quite a chore, Clutching
her bousterrie,
Caressing bloody lingerie, Grasping for ensanguined
garb, My erection is
Growing hard, Buttoning the imbrued dress, Feminine
attire, a bloody mess...
As I adorn myself in my victims blood-stained apparel,
My perverse urges are
Fulfilled with overwhelming delight, I ejaculate as I slip
into her urine
Soaked panties, My carnal desire that of a necro-
transvestite... Encrusted,
Runny stockings, finery for a fiend... Donning ghastly
vestments,
Necro-splattered closet queen...
