You're in my head tormenting me
I'm running scared in my time of need
Cuts on my head, cuts on my feet
I'm here waiting so baptize me, hey
Baptize me

I need a reason, I need to know just why
You were my meaning now its me you deny
You're in my head tormenting me
I'm here waiting so baptize me, hey
Baptize me, hey, baptize me

Hole in myself kills by degrees
Gift of compassion you gave to me
Blistered my hands on your beliefs
I'm here waiting so baptize me, hey
Baptize me, hey

I need a reason, I need to know just why
You were my meaning now its me you deny
You're in my head tormenting me
I'm here beginning, so baptize me, hey
Baptize me, hey, baptize me, hey
Baptize me, hey

You're in my head tormenting me
And I'm running scared in my time of need
Cuts on my head, cuts on my feet
And I'm here waiting, baptize me, hey

Baptize me, hey
Baptize me, hey
Baptize me, hey, hey
So baptize me
Baptize me
Baptize me
