Reckless and indiscreet
I'm hypnotized beyond belief
Listen to my battle song
And just listen you night long

A new disaster's at my feet
Of abusive things, I can't believe
Desperate and giving in
I don't know where to begin

It's hopeless
I'm caving in
Hopeless
I can't win

I'm going out of my head
I feel like I'm dead
I'm feeling Lo-fi

I bottle up and explode
And my angels have flown
Some things I can't hide
I'm feeling Lo-fi

Reckless and indiscreet
I'm hypnotized without release
I'm losing that special charm
Well, I'm played out I can't go on

Conversations without wings
With much advice, I start to scream
Desperate, and giving in
I don't know where to begin

It's hopeless
I'm caving in
Hopeless
I can't win

I'm going out of my head
I feel like I'm dead
I'm feeling Lo-fi

I bottle up and explode
And my angels have flown
Some things, I can't hide
I'm feeling Lo-fi

Well, I'm here, to get in sky high
Let it fly
Don't wait for no one that is why

I'm going out of my head
I feel like I'm dead
I'm feeling Lo-fi

I bottle up and explode
And my angels have flown
Some things, I can't hide

Well, I'm going out of my head
And I feel like I'm dead
Well, I'm feeling Lo-fi

I'm feeling Lo-fi
I'm feeling Lo-fi
I feel it
