You've become a big part of me, baby  
I found my empathy in your abuse  
I'm just a special event to you lately  
Am I nothing that's real or true to you

Don't go, I thought I'd never tell  
But it's something you should know

I got no secrets  
I give myself away  
I got no secrets  
And I give my whole existence to you

I get so damaged  
Watch me slip away  
I get so damaged  
Because my whole existence was you  
Was you, was you

Now I'm lost and I'm wonderin', baby  
'Cause I can't find the hope that's within me  
And I'm scratchin' my bruises, baby  
'Cause my sincerity stands by waiting

Don't go, I thought I'd never know  
But it's something you should tell

And I got no secrets  
I give myself away  
I got no secrets  
And I give my whole existence to you

I get so damaged  
Watch me slip away  
I get so damaged  
'Cause my whole existence was you

I done it again  
Can someone tell me  
What can I do

I got no secrets

I give myself away  
I got no secrets  
And I give my whole existence to you

I get so damaged  
Watch me slip away  
I get so damaged  
'Cause my whole existence was you  
Was you, was you, was you
