Where did I go wrong?
I can't look you in the eye
Feeling so ashamed
It feels like I could die

Hold me up and don't let go
I've had enough

I'm tired of breathing, tired of feeling
Tired of looking at the past for meaning
Tired of running, tired of searching
Tired of trying, but I'm not tired of you

I'm loosing everything
It's something I can't face
Hope is on the run
It's something I can't fake

Hold me up and don't let go
I've had enough

I'm tired of breathing, tired of feeling
Tired of looking at the past for meaning
Tired of running, tired of searching
Tired of trying, but I'm not tired of you

(But I'm)
I'm not tired of you
(But I'm)
I'm not tired of you

I want to feel a change
I don't mind if it hurts
You take away the pain
You're the only thing that's pure

I'm tired of breathing, tired of feeling
Tired of looking at the past for meaning
Tired of running, tired of searching
Tired of trying, but I'm

I'm tired of breathing, tired of feeling

Tired of looking at the past for meaning
Tired of running, tired of searching
Tired of trying, but I'm not tired of you

I'm not tired of you
I'm not tired of you
I'm not tired of you
Not tired of
