Failing and unsure
Why am I losing my nerve?
Wasting my time
Why do I only see this through the hurt?

I can't get it out of my head
I can't get it out that

I do this to myself, me and no one else
So help me, tell me how to break free
I'm to blame and that's what really hurts
That's what really hurts, you get what you deserve

Jaded and broken
Out of place, waiting my turn
Guilty, fractured
Went like you, I don't know the answer

I can't get it out of my head
I can't get it out that

I do this to myself, me and no one else
So help me, tell me how to break free
I'm to blame and that's what really hurts
That's what really hurts, you get what you deserve
You get what you deserve, you get what you deserve
You get what you deserve

I can't get it out of my head
I can't get it out of my head
I hear the words that you said to me

I can't get it out of my head
I can't get it out of my head
I hear the words that you said to me

I do this to myself, me and no one else
So help me, tell me how to break free
I'm to blame and that's what really hurts
That's what really hurts, you get what you deserve
You get what you deserve, you get what you deserve
You get what you deserve
