Dream on, little girl
Which side are you on?
I like to stay on the good side

Dream on, little boy
Which side are you on?
I like to stay on the good side
O, on the good side

Sail with me
To a new galaxy
Take my hand
Then I'll know you understand

Dream on, little child
In which dream have you been
I bet it wasn't a good dream
O in a good dream

Sail with me
To a new galaxy
Take my hand
Then I'll know you understand

Dreamcather
Please catch my nightmares
My dreams
Tell me where to go
