Anything, I would give anything  
If I could only show you  
How strong my passion is for you

But every time I've tried to tell you  
I can't find the right words to say  
No matter how hard I keep trying  
I just haven't found a way

I can't get close enough, I can't get close enough to  
you  
Just holding you tight, all night, doesn't seem to do  
I can't get near enough, I can't get near enough of you  
But you know that, it's a good kind of thing I'm going  
through

Everywhere, I would go everywhere  
Right beside you, if that would prove my love for you  
Wherever you lead, I would follow, it makes no  
difference, you see  
I'd give anything to make you understand how much  
you mean to me

I can't get close enough, I can't get close enough to  
you  
Just holding you tight, all night, doesn't seem to do  
I can't get near enough, I can't get near enough of you  
But you know that, it's a good kind of thing I'm going  
through

Oh, I can't get close enough, I can't get close enough to  
you  
Just holding you tight, all night, doesn't seem to do  
I can't get near enough, I can't get near enough of you  
But you know that, it's a good kind of thing I'm going  
through  
But you know that, it's a good kind of thing I'm going  
through

Got to get closer, near enough, near enough for you  
(Oh, I've got to get closer)  
Close enough, got to get closer, near enough, near

enough  
(Near enough for you)

Close enough, got to get closer  
Near enough for you  
Close enough, got to get closer  
(Oh, I've got to get closer)  
Near enough  
(Near enough)
