Media and the ignorance it brings
Heads are full with none-sense like shit in a sink
T.V screen seizes you can't even go to piss
Truth you're looking for covered there is a missing link

Devastation and Civilization become one
Meanings of murderers and innocents are gone
What's wrong and right is your present problem
Supplying and increasing your stupidity level

[Pre-chorus:]
Commercialized your life now is ready to be sold
Canning your mind inside the electric red box

[Chorus:]
Ignorant is what you are [x4]

Breaking into your very mind
Brainwashing, blinding your sight
You're living in a state of illusion
Killing you alive for them is the solution

[Pre-chorus]
[Chorus]
