If I could make one wish
And have it come true
All that I could hope for
Is for just one night with you
Cause that's all it takes
And that's all I need
It doesn't take much of your love
To satisfy me

(Chorus):
Just one kiss goes a long long way
Just a little of your love
Can get me through the day
Just one touch and my heart remains
Just one kiss goes a long long way

I was a loner, I had to be free
I never needed anyone around
To depend on me
But that was before you made me see
That falling in love could be painless
You made it look easy

(Chorus):
Just one kiss goes a long long way
Just a little of your love
Can get me through the day
Just one touch and my heart remains
Just one kiss goes a long long way

I wonder how I ever got by
I wonder how I ever made it
Without you in my life
I don't know how I ever survived

(Chorus):
Just one kiss goes a long long way
Just a little of your love
Can get me through the day
Just one touch and my heart remains
Just one kiss goes a long long way

Oooh baby, just one kiss goes a long long way
Yeah darling, just one kiss goes a long long way
Yeah baby, just one kiss goes a long long way
Yeah darling, just one kiss goes a long long way
