I saw the place where nobody can hear
I saw the place where the children are dying
I saw the place where the soldier are marching
I saw the place where someone took a life

I know the place where the women cant? go out
I know the place where the judges take cash
I know the place where they?re dying of hunger
I know the place where the guns are allowed

I see your faces,
I have no place,
I have to run and hide all my pain
I don?t like this world
I don?t like this world
I don?t like this world
?cause something is wrong

Nobody cares,the Holy war is coming
Taking the life in the name of God
Nobody cares,tickets to the slaughter
Boom-boom ,outside your door
Taking the life in the name of God
Nobody cares the Holy war is coming
Nobody cares,nobody gives a shit
The world is fallin? down

Another time where a father rapes doughter
Another time where innocence dies
Another prayer but the angels hear nothing
Another crime nobody will pay

I see yor faces,
I have no place,
I have to run and hide all my pain
I don?t like this world
I don?t like this world
I don?t like this world
?cause something is wrong

Nobody cares,the Holy war is coming

Taking the life in the name of God
Nobody cares,tickets to the slaughter
Boom-boom ,outside your door
Taking the life in the name of God
Nobody cares the Holy war is coming
Nobody cares,nobody gives a shit
The world is fallin? down
