Stay with the man they say is all wrong for you
If you never loved like that before
Do the work they say is all wrong for you
If it makes you feel good and more
Stay with your crazy friend they say is wrong for you
He's the one who knows you best
He ain't got one cent
But he gave you back your life and love and all the rest
You ain't got no luxuries
But you're happy with what you got
With your head upside down
And your heart rightside up
Turn the world inside out
Upside down it's what you want
Not an easy thing not what the world says to do

But if you feel it's right for you
Rightside up is upside down
I am poor so poor but i'll give all that i got
There's no one can tell me not
Well my hair is blue i got raggedy old jeans
But i know my heart is clean
I'll go without food to eat to give a stray dog scraps of
meat
With your head Upside Down
And your heart Rightside up
Turn the world inside out
Upside down it's what you want
Not an weasy thing not what the world says to do
But if you feel it's right for you
Rightside up is Upside Down
