Eric Bloom - Donald Roeser - Eric Van Lustbader - )  
I have no home. I live within my mind.  
I have no one. No one I'm bringing up to the sky with  
me.

No weapon - I carry no sword, only my hands to protect  
me.  
No laws - I obey no laws; my spirit is righteous and free.  
Her face, the image of a thousand wonders.  
A bridge between today and yesterday.  
If I pull her close what will the spirit say?

I have no home. I live within my mind.  
I have no one. No one I'm bringing up to the sky with  
me.

Her face, the image of a thousand stars.  
A bridge between tomorrow and today.  
If we destroy one another, Dolman will ever break the  
day.

Day breaks, but there is no light.  
In my mind, a voice calling.  
Spirit singing, a song of the ages.  
Depend on today, like father's honor,  
She has come to take it away!

[Instrumental]

I see - my life has flashed as the star meets my head.  
Body of an angel, with the strength of ten men;  
Through the trees, dark as a raven, black hair flying -  
The justice of Heaven.

I have no home. I live within my mind.  
I have no one, no one. My spirit is righteous and free.  
No weapon - I carry no sword, only my hands to protect  
me.  
No laws - I obey no laws; without honor, you'll never be  
free.
