Shes as beautiful as a foot
Shes as beautiful as a foot
She heard somebody say, the other day

Didnt believe it when he bit into her face
Didnt believe it when he bit into her face
It tasted just like a fallen arch

Shes as beautiful as a foot
Shes as beautiful as a foot
She heard somebody say, the other day

Dont put your tongue on the bloody tooth mark place
Dont put your tongue on the bloody tooth mark place
Her face changing now, a guernsey cow

Shes as beautiful, oh so beautiful, beautiful as a foot
She heard someone say, the other day
