"Look Into Yourself"

Visit "[Look Into Yourself](#)" on MotoLyrics.com

Tell it to yourself, make sure you get it
Don't change your mind
You don't know your mind
You don't want to know you're wrong
You don't want to know you're no fun
You don't want to know you're wrong
Why don't you see
Try look into yourself

Heads spinning now, no direction
Holes in the ground, no connections
You don't want to know you're wrong
You don't want to know you're no fun
You don't want to know you're wrong

Why don't you see
Try look into yourself

Look into your self
Have some faith become someone
