I don't know what to say
I don't know what to do
All I know is that I think
You found someone new
Just when I thought that
Destiny called out our name
Well I've noticed that you
Haven't been acting the same
(BRIDGE)
And every time that I've got
Something to say
You just ignore me, and you
Walk away
But I think you're hiding things
That you want to say
(END BRIDGE)
(CHORUS)
But before you go
There's something
You should know
I'm in love with you
And there's nothing
I can do, but
Play the fool
(END CHORUS)
I can see through those eyes
I can see through that smile
When you say your alright
Girl I know it's a lie
And I don't know when you
Plan on letting me know
What it is that you're feeling
But you just won't show
(2ND BRIDGE)
It's hurting me more what
You're putting me through
And I'm too confused to know
What I should do
My heart is breaking
What's going on with you
(END BRIDGE)
(CHORUS)

(REFRAIN)
(SOLO)
(BRIDGE)
(CHORUS)
