I don't mind seeing things, your picture's on the wall
I don't mind hearing things like past affairs and all
I don't mind sitting up waiting for your call
I don't mind kissing you with everything you put me
through

I tell you what I see a faded memory
Him inside of you and me outside
Again and if your so worthless
Why do I keep coming back again?
Why do I keep coming back again?
I keep coming back for more

I don't know what to think I think that this is wrong
I can't stand hearing things like past affairs and all
I don't even care that you've been around
I don't mind even you with everything you put me
through

I tell you what I see a faded memory
Him inside of you and me outside
Again and if your so worthless
Why do I keep coming back again?
Why do I keep coming back again?
I keep coming back for more

And I'll tell you what is getting me starting to fell awful
lonely
It heats me up inside, there's nothing left to try
I've been sitting up all night without you by my side
I just can't comprehend being in love again

I tell you what I see a faded memory
Him inside of you and me outside
Again and if your so worthless
Why do I keep coming back again?
Why do I keep coming back again?
I keep coming back for more

I tell you what I see a faded memory
Him inside of you and me outside
Again and if your so worthless

Why do I keep coming back again?
Why do I keep coming back again?
I keep coming back for more
