Well it's been two years since
You broke it off with me
You were the one
Who needed to be free
Now here you knock, knock
Knocking on my door
Asking me to give you some more
But if I remember right
Just the other night
You and that other guy
Got in a fight
Well isn't it strange
How words can rearrange
Now you love me again
(BRIDGE)

Well I'm not the kind of guy
That will sit here and buy
Sad sob stories and little love lies
But hold on baby please don't cry
You know that I can't deny
(CHORUS)

That you, you, yeah you you
You're the one who
Drives me wild
(REPEAT)

Well I love the way you talk
I love the way you kiss
I love it when I've got
You alone like this
And It's kinda hard
But I'm on my guard
I've gotta take things slow
Cause you broke my heart
And I fell apart
And I needed a brand new start
And your sweet, sweet smile
Gonna take awhile
To make me jump back in
(REPEAT BRIDGE)

No I'm not saying good-bye
You know that I can't deny-that
(CHORUS)2x
