Sin comes to me,
In everything I see,
Up in my face,
I try but can't escape,

Verify the words you've given me,
Testify...

I am weak but you are so strong,
That's just the way, the way You are,

When I am me,
I fail so naturally,
Where is this place,
I've wondered far away,

Verify the words you've given me,
Testify...

I am weak but you are so strong,
That's just the way, the way You are,

I can't see past the things,
The things you've often told me,
To watch and pray for night and day,
That's why I need you know,
Take me there some how,
Take me there some how, yeah,

Break
