All that I believe they will say  
That we would go in anyway  
I'm forced to support the pain you spread  
That this will never end  
But I've been sane all this time  
You are to blame you will not survive

We've no way, to stop this pain  
It's slowing down  
Time is running out  
This world they'll drown  
With no mercy just a frown  
I can't believe this is happening

It's bought a vision to us all  
Belittle all the things they have told  
We're gonna fight this until we're old  
That we would give our souls to free them all  
I'm on your side  
To make you fall you will not survive

We've no way, to stop this pain  
It's slowing down  
Time is running out  
This world they'll drown  
With no mercy just a frown  
I can't believe this is happening

You won't find me  
You won't find me  
Won't find me  
Find me if you can

All I do, is for the benefit of you  
I come in peace  
Don't harm me no  
You won't lose  
If you agree with our policy to rule over you  
Don't put up a defence

We've no way, to stop this pain

It's slowing down  
Time is running out  
This world they'll drown  
With no mercy just a frown  
I can't believe this is happening

We've no way, to stop this pain  
It's slowing down  
Time is running out  
This world they'll drown  
With no mercy just a frown  
I can't believe this is happening
