Spheres of doom blast  
Berzerker legions are gathered here  
Waiting for a new age  
Three winters will show their coming

Born through an ice ages blast  
Demonic winter race  
Anger is present in their empty eyes  
Fires dominate the landscape

Frigid storms and devastating raids  
They are unconquerable  
Frigid seas and devastating raids  
Paramageddon

The blodswords are horned and thirsty  
(thirsty) As the faded souls of Hel  
The linked is growling  
But soon grinding!

Runes imprinted in our skin  
Northern magic surrounds us  
Asa demons showing the way  
Berzerker legions on all sides

Paralyzed demon  
Slip into the abyss
