"The Grim Wrecker"

Malevolent monsters of the underworld
Menacing and grim
The serpent and the dragon
Demons of the darkness
Dominant engulfing death
Blessing of the dead

Malevolent monsters of the underworld
Menacing and grim
Buried with the dead
They dwell in the grave mound
The grim wrecker appears
Like a dangerous comet shedding fire

Monstrously the heavens rage
Necrobreath Stealfilth
Back to the swords

With it's terrible biting teeth
The fierce flames
Devouring the dead
For the funeral pyre
