Ancient tomb of dark sorcery  
The sands of time have run low  
Power of the book runs through me  
Sea of blood starts to flow

Book bound in flesh  
Written in human blood  
Purveyor of demonic death  
Cryptic words of forbidden evil and hate

Ripping apart time and space  
Confront your destiny face to face  
Exmortis book of the dead  
Necronomicon blood stained pages of red  
Lead: Brian Werking

Vengeance from the sky descends  
Taken by evil force  
Minds shattered lives destroyed  
Steal their souls no remorse

Lead: Brian Werking

Ripping apart time and space  
Confront your destiny face to face  
Exmortis book of the dead  
Necronomicon blood stained pages of red
