Turn on the havoc  
Let confusion rain  
Random acts of violence  
Shall not be done in vain  
A din of destruction  
An overture of rage  
Countdown to Bedlam  
Let the mayhem  
Accelerate  
Soon we all  
Will celebrate!

[Pre-Chorus:]  
Feel the primal urge  
Adrenaline surge  
Join the altercation  
To the 3rd degree  
At full capacity  
With no discrimination  
Total oblivion  
No phenomenon  
Just par for the course  
To the starting line  
It's your time to shine  
On my mark we Quarrel!

[Chorus:]  
We subjugate  
We bring calamity  
Everybody cooperate  
Let's start the Bedlam 1 2 3!

Anticipate the coming of the brawl  
Collide like cannon fire but only on my call  
I provoke the melee & I fan the flame  
Coerce the herd into a stampede  
They salivate  
Turmoil  
We aggravate!

[Pre-Chorus:]

Feel the primal urge  
Adrenaline surge  
Join the altercation  
To the 3rd degree  
At full capacity  
With no discrimination  
Total oblivion  
No phenomenon  
Just par for the course  
To the starting line  
It's your time to shine  
On my mark we Quarrel!

[Chorus:]  
We subjugate  
We bring calamity  
Everybody cooperate  
Let's start the Bedlam 1 2 3!

[Solo: Lee]  
[Solo: Gary]  
[Solo: Lee]  
[Solo: Gary]  
[Solo: Lee]  
[Solo: Gary]

On my command  
Everybody run amuck  
Slam into everyone  
Never stop to give a fuck  
This is the pinnacle of tumult  
It's what you've waited for so let the vortex  
Stimulate  
On this day  
We commemorate!

[Pre-Chorus:]  
Feel the primal urge  
Adrenaline surge  
Join the altercation  
To the 3rd degree  
At full capacity  
With no discrimination  
Total oblivion  
No phenomenon  
Just par for the course  
To the starting line  
It's your time to shine  
On my mark we Quarrel!

[Chorus:]

We subjugate  
We bring calamity  
Everybody cooperate  
Let's start the Bedlam 1... 2... 3!

[Instrumental Break:]

[Song fades out during the instrumental break:]

[Bedlam 123: 0:00 - 7:57]

[Silence: 7:58 - 18:08]

[Bonded By Banjo: 18:09 - 19:51]

[Bonded By Banjo starts after moment of silence:]

Black magic right on this dark evil night  
Begin with the slice of the blade  
Metal & blood come together as one  
Onlookers they gasp in dismay  
Taste the sweet blood of one another  
Sharing without any greed  
Banging your head as if up from the dead  
Intense metal is all your ever gonna need.

Murder in the front row  
Crowd begins to bang  
There's blood all up & down the stage  
Bang your head against the stage  
As metal takes it's price  
Bonded By Blood.

[Instrumental Break:]

Bonded By Blood!

[Song ends:]
