Life spent with lips on glass  
Another hit, just one more blast  
How long can you make it last?  
Hit the pipe and vaporize

Feel the rush, so energized  
Your lungs begin to crystallize  
Try to stem the tide  
From another five day ride

Don't you know, you're dead inside?  
The world spins out of control  
All amped up, no where to go  
A glass house is all you know

Poison cloud hangs in the air  
Breathe it deep, your only care  
It's a nightmare, not a dream  
Deathamphetamine?

Spun and sleep deprived  
The calendar burns before your eyes  
Another hit, for now revived  
So many sleepless nights

Only wet your appetite  
Strike a match, the torch ignites  
See the shards start cracking back  
Watch them turn your world to black

While waiting for the heart attack  
All your dreams are dead and gone  
I tell you now, it won't be long  
Before death ends the marathon

Poison cloud hangs in the air  
Breathe it deep, your only care  
It's a nightmare, not a dream  
Deathamphetamine?

Withered and sucked up  
You're wasting away

Eyes sunken deep in your skull  
You care not about yourself

Nor any other  
Only if the pipe is full  
Lick your lips  
As you hover around the glass

Anxiously awaiting your turn  
Depressed and paranoid  
It's all gone to hell  
Inhale as your world burns

Lost everything you own  
Now waiting by the telephone  
For the dope man to come home  
All your friends and family

Age sickened by your need for speed  
Only driven to exceed  
So many years, so little time  
For you to halt your life's decline

You've got to read the signs  
Everything has come unwound  
You've got to turn this shit around  
Before you're six feet underground

Poison cloud hangs in the air  
Breathe it deep, your only care  
It's a nightmare, not a dream  
Deathamphetamine?
