"Low Rider"

[Originally performed by War]

All my friends
Own a low rider
Low rider
Is a little higher

Low rider
Drives a little slower
Low rider
Is a real goer

Low rider
Knows every street, yeah!
Low rider
Is the one to meet, yeah!

Low rider
Don't use no gas now
Low rider
Don't drive too fast

Take a little trip!
Take a little trip!
Take a little trip and see!
Take a little trip!
Take a little trip!
Take a little trip with me!
