Shudder to Think-Exodus

You hit rock bottom,  
Now where do you go from here?  
Shot down,locked up,  
All you do is disappear  
Oh,your promises  
Are all just a pack of lies  
You've got nothin',  
Somethin' you can't recognize

Chorus:

Why don't you take some responsibility,  
You're pointing fingers  
And blaming everybody  
Shudder to think if i lived like you  
They would be sickened too  
If they only knew

I can't take  
Anymore excuses  
You're all they needed  
And you don't have any uses  
Washed up,washed out,  
What more can i say?  
You'd better start  
Filling out your resume

(Chorus)

(solo)

Everything was there  
For the taking  
Too busy with  
The lying and the flaking  
Drugged up, fell out  
Too many second chances  
Nothin' else to do  
Under the circumstances

(Chorus)
