Verbal Razors by Exodus

=====

Every time I see your grinning face  
I realize you're a pitiful disgrace  
So many finger pointing down at you  
Talking shit behind your back, and you don't have a  
clue  
Parading around like you think you're God  
You're just a cheap imitation, a complete and total  
fraud  
I'm sick of fuckin' hearing all your bragging and your  
lies  
A real born loser and that's no surprise!  
You said your father died in Vietnam  
But you're a bastard son with a whore for a mom!  
Mirror magnet, smelling like a rose  
You plastic mother fucker, all you do is pose!  
Conceited, self-righteous, and arrogant!  
Your head is so hollow, there's enough room to rent!  
Little big-man, so full of shit!  
Just shut up, you pathetic hypocrite!  
Verbal razors!  
Cut you down to size  
I'm sick of wading through your bullshit  
And I see through your disguise  
Verbal razors!  
Slice you to the bone  
You've been abandoned  
And now you're all alone!  
You lost your job because you're incompetent

Everybody hates you, your friends all came and went  
The facade is getting old, we're hip to your charade  
Your mother has disowned you, and your wife's out  
getting laid  
Evicted from your condo, now you're living in a shack  
Sitting on your ass, shooting up and smoking crack  
Now look in the mirror, and tell me what you see  
A fuckin' strung-out junkie with a college degree!  
Nobody cares if you're alive or dead  
We've had enough of being used and misled  
You've pissed on everyone you've ever met

Now you're digging through the trash looking for a  
cigarette!  
No one's there to lend you a hand  
You better help yourself, 'cause I hope you understand  
Self-centered, backstabbing egotist!  
Don't fuckin' ask for favors, 'cause you on my blacklist!  
Verbal razors!  
Cut you down to size  
I'm sick of wading through your bullshit  
And I see through your disguise  
Verbal razors!  
Slice you to the bone  
You've been abandoned  
And now you're all alone!
