"Beat The Bastards"

Visit "[Beat The Bastards](#)" on MotoLyrics.com

Slaves to the system there's no way out
Slaves to the system do you have a shout
Youve got to beat the bastards and beat em now
Sick of policies puting me down
Beat the bastards, beat them now
Beat the bastards, beat them now
Beat the bastards, beat them now
Just out of school don't have a clue
No income support for you
Cant get a job don't get a chance
Sick of politics leaving you out
Beat the bastards, beat them now
Beat the bastards, beat them now
Beat the bastards, beat them now
Money power and streight
Teenage kids with nowt to spend
Hungry homeless who gives a shit
Sick of policies leaving me out
Beat the bastards, beat them now
Beat the bastards, beat them now
Beat the bastards, beat them now
