Don't cry baby  
If this makes you cry, girl I didn't mean it  
Next time I should lie, the truth is inconvenient  
I bet if you'd try, you could live without me  
I really don't know why, you bother to cry about me

Cry, cry, cry baby, I guess that I'm a bad guy now  
Cry, cry, cry baby, just like all the other ones  
Cry, cry, cry baby

I hate to see you cry, sad to say I've seen it  
We should say goodbye and this time really mean it  
Once some time goes by, I'm sure that you'll feel better  
But if she needs to cry, then maybe I should let her

Cry, cry, cry baby, I guess that I'm a bad guy now  
Cry, cry, cry baby, just like all the other ones  
Cry, cry, cry baby

Help me cry away, yeah  
What more can I say to you  
Cry, cry, cry baby, I guess that I'm a bad guy now  
Cry, cry, cry baby, just like all the other ones

Cry, cry baby, feel the wall around your heart  
Cry, cry baby, baby, oh, oh, oh, just like all the other  
ones  
Oh, oh, oh, just like all the other ones  
Cry, cry, cry baby,  
I wanna see you cry baby, cry baby

Don't cry baby.
