See those missiles in the air
Where did they come from No One cares
What are they there for What do they do
They kill millions of people Like me and you

DEATH AND DESTRUCTION AND DON'T FORGET THE
CHAOS[x4]

Death and destruction Anguish and tears
Nuclear fallout And acid like rain
Why do we have them What is their need
The government said That they are there to keep peace

DEATH AND DESTRUCTION AND DON'T FORGET THE
CHAOS[x4]
DON'T FORGET THE CHAOS!!!!!!

See those missiles in the air
Where did they come from No One cares
What are they there for What do they do
They kill millions of people Like me and you

DEATH AND DESTRUCTION AND DON'T FORGET THE
CHAOS[x4]

Death and destruction Anguish and tears
Nuclear fallout And acid like rain
Why do we have them What is their need
The government said That they are there to keep peace

DEATH AND DESTRUCTION AND DON'T FORGET THE
CHAOS[x4]
