"Stop The Slaughter"

Visit "[Stop The Slaughter](#)" on MotoLyrics.com

An hour ago you heard kids laugh
Now there's silence
Why they died was obscene
No justified cause
Stop the slaughter
Stop it now
Stop the slaughter
Stop it now
Sudden death horrific injuries
Killed by cowards
Another bomb another cause
Brother fights brother
When will they learn
That planting bombs
Will get them nowhere
Everyone has a right to live without fear
Yesterday you heard kids laugh
Now it's silent
Why they died was obscene
A worthless cause
