"They Lie"

Visit "[They Lie](#)" on MotoLyrics.com

Kids on the street with fuck all to eat
Kids are starving today
Kids on the street are trying to survive
The government continue to lie lie lie
They lie lie lie lie
They lie to you
Hospitals shut down all over the country
People suffer each day
Hospital trusts more tory fuck ups
You and me suffer each day
They lie lie lie lie
They lie to you
One great nation but now it's a shit house
The tories have done it again
A ub40 nothing to aim for
The government lying again
They lie lie lie lie
They lie to you
Homeless kids lying in doorways
Through no fault of their own
The faults in the system
But major wont change it
The government continue to lie
