I thought I heard a woman crying Did she say her child  
was dying Thought I heard a building tumbling Was it a  
dream or dangerous visions I was sure I saw a bomb  
sometime falling Then I woke up I was calling Sure I  
saw a rescue mission Was it a dream or a final warning  
PEOPLE LIVING, PEOPLE WALKING PEOPLE DYING,  
PEOPLE CRAWLING PEOPLE LAUGHING, PEOPLE  
TALKING PEOPLE CRYING, PEOPLE SCREAMING [x2]  
*One day the rivers stopped flowing Then one day the  
grass stopped growing All is night there is no warning  
Now you may laugh and you may sneer Can't come  
true can't happen here Close your eyes pretend you're  
blind But what will you do when the end is near I  
wondered why the girl was crying Then I saw her  
parents dying Then I saw a rescue mission Was it a  
dream or a dangerous vision Did I see a bomb  
sometime falling Or did I hear the wounded calling All is  
darkness there was no warning Was it a dream or a  
dangerous vision Was it a dream of dangerous vision*
