See those missiles in the air  
Where did they come from No One cares  
What are they there for What do they do  
They kill millions of people Like me and you

DEATH AND DESTRUCTION AND DON'T FORGET THE  
CHAOS[x4]

Death and destruction Anguish and tears  
Nuclear fallout And acid like rain  
Why do we have them What is their need  
The government said That they are there to keep peace

DEATH AND DESTRUCTION AND DON'T FORGET THE  
CHAOS[x4]  
DON'T FORGET THE CHAOS!!!!!!

See those missiles in the air  
Where did they come from No One cares
