People die over religion
Look at northern ireland
Kids are brought up on hatred
If thats religion i dont want it
Fuck religion full of shit
Fuck religion full of shit
Fuck religion full of shit
Jimmy bakker on tv
A lying fuck but people believe

Caught in a hotel with his trousers down
Saving sould for his fee
Fuck religion full of shit
Fuck religion full of shit
Fuck religion full of shit
Religion aint worth dying for
Who can prove god was a man
Can you prove that god was man
