Let me live my life my way Living it from day to day I'll
do the things that I want to do It's up to me not up to
you

GO AWAY GO AWAY LEAVE ME ALONE I JUST WANT TO
LIVE A LIFE OF MY OWN I DON'T WANT TO BE NOBODY'S
CLONE

Don't try to tell me what to wear How to dress or have
my hair I'll never listen to what you say I'll never sell out
there is no way You say it's only a passing phase The
craze for teenage nowadays It may only be a fashion to
some But we'll be here for years to come Sex and
drinks and lots of drugs Passes the time when you're
on the dole There's nowt to do so you start your own
band And tour this god forsaken land
