And don't tell him who you've seen

You'll end up locked away

Cos he'll call the cops

Tell them what he seen

Police informer

Police informer

Police informer

You'll end up dead

Don't tell him what you've got

And don't talk about your mates

Cos he'll grass them up as well

Got to fix him before its too late

Police informer

Police informer

Police informer

You'll end up dead
