I've been searching (for so long)
For the love I need, feel this need in me
I've been waiting (for so long)
Who holds the key, set my feelings free

You're all I'm looking for (all I'm looking for)
You're everything I've been dreaming of
Who could ask for more, more than your love?

CHORUS:

Now that I found you,
I don't need no other to be my lover
Now that I found you,
I don't want another to be my lover

And I wonder (for so long)
If I feel to you like those others do
I've been thinking (for too long)
Can it come from you, a love that's true?

You're all I'm looking for (all I'm looking for)
You're everything I've been dreaming of
Who could ask for more, more than your love?

CHORUS (2x)

INSTRUMENTAL INTERLUDE

We can make it to the end (end)
Let me hold ya and adore ya
You're the one the angels sent (sent)
Let me love ya, you're my rainbow's end

CHORUS

(repeat and fade out)
