"Walk Along With Me"

Just a matter of time
Before you look in my eyes
You won't change your mind
Leave your troubles behind
But don't you compromise
We'll share the night

And we'll sing (and we'll sing)
And we'll dance (and we'll dance)
Sing and dance the night away

Walk along with me, come on, don't tease me
Walk along with me, shape the world
Walk along with me, change all the feelings
Sing along with me, shape the world

In the winter and spring
And the summer and fall,
We'll break thru it all
Take your left from your right
Shake your body tonight
Don't put up a fight

And we'll sing (and we'll sing)
And we'll dance (and we'll dance)
Sing and dance the night away

Walk along with me, change all the feelings
Sing along with me, shape the world
Walk along with me, come on, don't tease me
Walk along with me, shape the world
(2x)

Walk along with me, shape the world you'll see
Walk along with me, sing along with me

SAXOPHONE SOLO

Walk along with me, change all the feelings
Sing along with me, shape the world
Walk along with me, come on, don't tease me

Walk along with me, shape the world
(repeat and fade out)
