(You're the one I need,
The one for me
You're the one I need)
(You're the one I need,
The one for me
You're the one I need)
(You're the one)

All the people say
To please beware
There's a thing called love
And it's everywhere

(The way I feel)
It must be love, the way I feel
About you now that we're together after all
(We're on our way)
From dark to day, we're on our way
So, let the feelings take the blame
No matter what the people say

(You're the one I need,
The one for me
You're the one I need)
You're the one I need
(You're the one I need,
The one for me
You're the one I need)
You're the one for me
(You're the one)

Your love I feel
And I lose my will
I can feel the heat
When you're close to me

(The way I feel)
I know it's real, the way I feel
Regardless, there is still a chance we'd take a fall
(We're on our way)
It's up to fate, we're on our way

And now, the feelings are the same
And though love is just a name

(You're the one I need,
The one for me
You're the one I need)
You're the one I need
(You're the one I need,
The one for me
You're the one I need)
You're the one I need

INSTRUMENTAL BRIDGE

(You're the one)
Let's get on with it, baby
'Cause you can't deny
Let's not take any chances
I want you by my side

(You're the one I need,
The one for me
You're the one I need)
You're the one I need
(You're the one I need,
The one for me
You're the one I need)
You're the one for me

(You're the one that I need)
You're the one that I need
(4x)

You're the one I need,
The one for me
You're the one I need
You're the one I need,
The one for me
You're the one I need
(repeat and fade out)
