Mm hey, mm hey yeah (5x)

In my world 'round you,
This I know is true
How can I tell you?
There's so much to give
How can you forget
How much I need you?

Now that we're so close together,
You ask if it's forever

Face to face and heart to heart
We've come too far to let it fall apart
Face to face and eye to eye
Love is the reason that we're face to face
Face

SPOKEN:

You have to face it now, boy!

Got to overcome
This that we both knew,
To find someone true
Get your mind at ease
And I know that we'll succeed
Our love will grow free

Don't ask the reasons why you can't believe
I'll never leave you

Face to face and heart to heart
We've come too far to let it fall apart
Face to face and eye to eye
Love is the reason that we're face to
It's the reason that we're face to face

(Uh-huh) (6x)

Mm hey, mm hey yeah (4x)

I'm singin' face to face and heart to heart

We've come too far to let it fall apart
(4x)

Why is it so hard for you to believe
I'll never leave you?

Face to face and heart to heart
We've come too far to let it fall apart
Face to face and eye to eye
Love is the reason that we're face to
(4x)
Face to face
